

Volunteers Needed!

Are you a parent or caregiver of a child 8 years or younger in a Native American, indigenous, or bi-cultural family who has attempted to use environmental health services? *Your voice is needed.*

Join us for a community conversation!!!

*This event is hosted by the **Institute for Tribal Environmental Professionals (ITEP)** in partnership with the **American Public Health Association (APHA)**. We are interested in learning how Native American, indigenous, and bi-cultural community members access services for children and how environmental services can be more accessible.*

Your feedback will inform recommendations to improve environmental health services in communities across the country.
