**Little Ropers Child Development Center has
partnered with Flagstaff Cooperative Preschools**

October 13, 2014

Hello friends of young children in Flagstaff!

We are so excited to announce that **FCP** and **LRCDC** have partnered, and have been awarded the month of **November** with the opportunity to raise money for both of our preschools through **Full Circle Trade and Thrift**, and we need your support!

Full Circle Trade and Thrift is a locally managed thrift store in the Flagstaff community in which 100% of the profits are returned to local non-profit organizations that make a difference in our community. The idea is a model of giving, sharing and receiving, which allows everyone in the Flagstaff area to help sustain programs that promote education, social services, arts, and recreation. By donating, shopping and/or volunteering at Full Circle Thrift throughout the year, you become a part of this powerful circle.

FCP hopes to use the money raised through **Full Circle Thrift** for tuition assistance for young children and families that could not ordinarily afford either of these nationally accredited, high quality preschool and childcare experiences **Little Ropers** will apply the gift of funds towards creating a garden space and outdoor classroom at their program. With the hope to improve an awareness of sustainability and promote being stewards of their environment.

Our fund raising Month is November, 2014!
We NEED YOUR HELP!

The more you shop at the store, donate at our events on the next page, the more money in profits will be raised for Flagstaff Cooperative Preschool Inc. and Little Ropers Child Development Center.
