

THE  
**Guidance**  
CENTER

In celebration of Children's Mental Health Awareness Day and Mental Health Month, The Guidance Center is coordinating the first *Children's Mental Health Fair* on **Friday, May 15, 2015 from 2:00 p.m. to 6:00 p.m. at The Guidance Center Outpatient Services Building**. We are excited to extend an invitation to your organization to participate in this year's Children's Mental Health Fair. This event will promote healthcare and behavioral healthcare services that are available locally and through established networks to the Flagstaff area families.

This is a fantastic opportunity to interact with community families in a positive and festive atmosphere. We are looking for any health, safety, or special programs related to the greater Flagstaff community which promotes overall health and wellness for parents, providers, and children. Screenings, literature, and/or demonstrations are encouraged.

Again, this event will be on **Friday May, 15, 2015** at The Guidance Center Outpatient Services building, located at 2695 E. Industrial Drive, Flagstaff, Arizona. To reserve your space at this very special community event, please contact Becky Kettner-Wong, Youth and Transitional Case Manager, at 928-714-5247 or by email at [RKettnerWong@tgcaz.org](mailto:RKettnerWong@tgcaz.org) by Wednesday, April 15<sup>th</sup>, 2015.

Enclosed you will find a brief form which needs to be completed and returned so that we know what resources you may need for your exhibit. Please plan to bring your own table.

Thank you for your interest in helping us better serve Flagstaff families!

Sincerely,

Jamie Bustamante, Ph.D.  
Director of Child and Family Services  
The Guidance Center, Inc.
