Salary: *\$13.66 - \$21.23 Hourly
\$1,038.46 - \$1,613.85 Biweekly*

Job Type: *Full Time, Prescott Campus*

HIRING RANGE: \$13.66 - \$17.45

Under the supervision of the Master Teacher, implements a developmentally appropriate program for preschool children, ages 3 to 5, in accordance with Center policies and procedures. Responsible for maintaining a safe and stimulating educational environment, building trust relationships with children, modeling appropriate teacher-child interactions, implementing lesson plans, record keeping, establishing effective relationships with parents, promoting a positive classroom environment, and keeping daily records.

- Assists with assessments of children and supervision of college students
- Oversees and performs housekeeping duties as needed
- Meets regularly and works collaboratively with Master Teacher and entire program staff
- Other related duties as assigned

Please include at least 2 professional Letters of Reference along with your application materials (attach as "Other").

Minimum Expectations & Requirements:

- Associate's degree in Early Childhood Education or Child Development (or ability to obtain within 6 months)
- Minimum of 2 years' experience working with preschool age children
- Ability to meet the unique developmental and learning needs of young children in a supportive manner
- Knowledge and experience supporting children's natural inquisitiveness, encouraging problem-solving, and promoting a positive learning atmosphere in the classroom
- Experience establishing successful relationships with parents
- Knowledge of, and respect for, children's individual differences and learning styles
- Good oral and written communication skills

Preferred Skills & Abilities:

- Three years' experience working with children 0-5, with one or more years working with both toddlers (1-3) and preschoolers (3-5)
- Ability to structure the environment, use learning materials and plan age-appropriate activities that promote learning in all domains
- Ability to support children's intellectual development and foster confidence
- Experience working with a variety of curriculum, including Creative Curriculum, Montessori, Reggio Emilia, and/or Emergent Curriculum
- Computer knowledge and competence
- Work experience in a community college/higher education environment
