

Summer Bug Camp

June 19-23 & July 17-21, 2017
9 AM to 4 PM

Children 6 to 10 **learn** about insect natural history and **biodiversity** through a series of **fun projects & activities**. Presented by NAU's **Colorado Plateau Museum for Arthropod Biodiversity** in partnership with **Willow Bend Environmental Education Center**

Camp Basics

COST: \$190 per camper; NAU staff and students receive a \$15 discount when they register early. Scholarships available

CLASS SIZE: 10 to 12 campers

WHERE: Willow Bend Environmental Education Center

WHAT TO BRING: Lunch & snacks, summer clothes, and sunscreen

LEADERS: Lindsie McCabe, NAU Ph.D candidate; Paige Chesshire, NAU master's student

Schedule

DAY 1: Interact with live bugs and spiders from the insect zoo.

DAY 2: Collect local bugs and make your own collection. Build your own bug!

DAY 3: Take pictures of bugs and study insect behavior.

DAY 4: Go on an insect scavenger hunt for predators, herbivores, and omnivores!

DAY 5: Make insect cuisine! Parents are invited to an insect banquet and open house.
