The Circles of Care Project (COC) at NACA, Inc. is inviting community members, agency representatives and professionals to participate in the COC Evaluation Sub-committee. Community participation is a very important part of the data discussion, analysis and interpretation process. This data will help in identifying where fragmentations or barriers exist. Data derived from:

- Community Needs Assessments completed by Native American Adults and Youth
- Community Feedback & Input forms
- Elder Interviews
- Parents Focus Groups
- Key Informant Interviews.
