Flagstaff Initiative Against Trafficking

Bringing education and awareness to the Flagstaff community about Human Trafficking

What is FIAT?

The Flagstaff Initiative Against Trafficking (FIAT) is a community collective of professional service providers and volunteers who want to end Human Trafficking. There are currently 29 active members on the coalition.

The goals of FIAT are to: Construct a unified response for trafficking victims and survivors to get out of the life safely, Educate and to bring awareness to our community on human trafficking in order to drive down demand, and Collect data to determine the true impact of Human Trafficking in Flagstaff. We continue to see a demand in our area through various online advertisements and sting operations.

Human Trafficking: Human trafficking is modern-day slavery and involves the use of force, fraud, or coercion to obtain some type of labor or commercial sex act (Department of Homeland Security)

- **Labor Trafficking** - Individuals are compelled to work or provide services by force, fraud, or coercion.
- **Sex Trafficking** - Adults are compelled to engage in commercial sex by force, fraud, or coercion. Minors are compelled to perform a commercial sex act regardless of the presence of force, fraud, or coercion.
