# It's Our Turn!

## We Want to Hear From You!

Get creative to protect Arizona communities from COVID-19 and raise awareness on how the pandemic affects youth and young adults.

*It's Our Turn Now* to show our strength and creativity by:

- Encouraging vaccines and masks
- Raising awareness of challenges faced during COVID-19

## Get Creative

Ages 16 to 25 are invited to enter the contest by submitting their own creative take on a health message about COVID-19.

Choose your own unique approach — TikTok video, YouTube video, photography, drawing, animation, song/rap, podcast...or another approach we haven't even thought of!

## Contest Details

Enter the contest by creating a message to promote vaccination, mask wearing, and/or raise awareness about another important way the pandemic has affected youth and young adults.

### Example Ideas:

1. Take an old message on vaccines or masks and put your unique spin on it
2. Design a new slogan on why vaccines and masks are where it's really at!
3. Share a personal experience of how life has changed since COVID-19
4. Capture your feelings on social isolation and mental health
5. Share a story on self-care during COVID-19

**To enter, visit:** [nau.edu/cher/ceal-its-our-turn/](https://nau.edu/cher/ceal-its-our-turn/)

## What You Can Win

Contestants will be judged by public health experts and community members for a chance to win **1 of 12 \$250 gift card prizes.**
