

AZ ETV PROGRAM

A guide to help new students prepare for funding for the new school year.

OCTOBER

APPLY FOR FAFSA

October of each year is when the new FAFSA opens. You can complete the FAFSA after October, but it's recommended to complete it as soon as it opens in case extra steps are needed.

NOV-JAN

APPLY FOR SCHOOL

Each school has a different admission deadline. However, if you apply early you might qualify for additional programs. You will also give yourself plenty of time to complete all steps necessary to get started with school.

MARCH

APPLY FOR SCHOLARSHIPS

Don't wait to apply for scholarships. Most major scholarships have deadlines in March. ETV and financial aid might not be enough to cover everything.

JULY

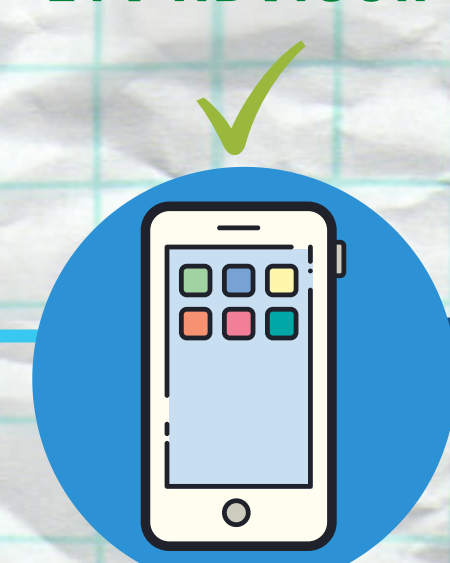

APPLY FOR ETV/TUITION WAIVER

July of each year is when the new ETV application opens for the new school year. After you apply, and are determined eligible, you'll receive a welcome email explaining next steps

JULY-AUGUST

CONNECT WITH YOUR ETV ADVISOR

After you apply for ETV then submit your budget form and schedule a call with your ETV Advisor. This is an opportunity to learn more about ETV and discuss your plans for school.

AUGUST

RECEIVE FUNDING

Now you are ready to be funded! ETV funding can be sent to the school, student loans, or directly to you for living expenses. Make sure to schedule your monthly call with your ETV Advisor.
